MettleUp — demo guide

Gym desk website: **app.mettleup.fit** (laptop or phone) · Member app: **MettleUp** on Android. Arrows (→) show what to tap, in order. On a phone, the desk keeps Shop, Messages & offers and the rest under **More**.

For the gym (desk website)

	FEATURE	WHERE TO FIND IT
Only in MettleUp — GGMS does not list these. Show them first.		
1	**Gym shop** Members order protein, gear and drinks on the phone. Pay and collect at the desk.	`Shop → Turn on the shop · Products → + Add product · Orders → Mark ready → Collected (paid)`
2	**Messages and offers to members' phones** Festival offer, gym closed, new timings and more. Pop-up on the phone, no SMS cost. See who read it.	`Messages & offers → Messages → Offers → Festival offer → Who gets it → Send in the app`
3	**Workout offer** Train enough, get free days. Builds the habit, so members renew.	`Messages & offers → Workout offer → Start offer`
4	**Challenges and leaderboard** Workouts or kg lifted; free days as the prize.	`Challenges → New challenge → Start challenge`
5	**Gym logo and colours in the member app** The app carries the gym's name, logo and colour.	`Branding → Upload logo → Save`
6	**Requests from the app** NEW Members ask to pause or renew; approve with one tap.	`Today → Requests from the app → Approve / Decline`
7	**Import from any Excel, with AI** AI matches the columns. One tap undoes an import.	`Members → Import from Excel → Choose file · Past imports → Undo`
Everything else		
8	**Today screen** The numbers an owner needs each morning.	`Today`
9	**Members and plans** Add a member, sell a plan.	`Members → + Add member → Sell membership → Plan → Confirm`
10	**Payments and receipts** Collect, print or WhatsApp a receipt; GST lines print by themselves.	`Member → Collect payment → Save payment · GSTIN: Settings → Gym details`
11	**Dues** Everyone who owes money, in one list.	`Money → Dues → Collect`
12	**Plans ending soon + WhatsApp** Today, 1-3, 4-7, 8-15 days; one tap each.	`Today → Ending in 1-3 days → WhatsApp all`
13	**Automatic reminders** Plan ending, birthday, welcome, haven't seen you.	`Messages & offers → Reminders → Save changes`
14	**QR check-in and visits** Members scan a poster; no machine needed.	`Visits → Check-in QR → Print poster · Visits → Register`
15	**Members losing the habit** Everyone who has not come for 10 days.	`Visits → Losing the habit`
16	**Enquiries** Walk-ins and calls, with follow-up dates.	`Enquiries → + Add enquiry → Save enquiry → Add as member`
17	**Expenses and profit** Collected, expenses and profit each month.	`Expenses → + Add expense`
18	**Workout and diet plans** Send a plan straight to the member's phone.	`Member → Workout plans → Send a plan · Member → Diet plan`
19	**Staff sign-ins and PIN** Each person as Staff or Owner.	`Settings → Staff & sign-in → Add a person → Make sign-in code`
20	**Excel downloads** Receipts, dues, growth, or all gym data.	`Money → Collections → Download Excel file · Settings → Your data`

Also live: personal training plans · member ID card · desk photo · body measurements · gym timings · more than one branch.

For the member (MettleUp app)

Tabs at the bottom: Workout, Progress, Gym, Profile. The Gym tab has 3 parts at the top: Shop (when the gym sells things), My gym, Leaderboard.

	FEATURE	WHERE TO FIND IT
Only in MettleUp — GGMS does not list these. Show them first.		
1	**Gym shop** Order on the phone; pay and collect at the desk.	`Gym → Shop → product → Add to bag → Place order · My orders`
2	**Messages and offers from the gym** Pop-ups, and all of them in one list.	`Gym → bell icon → Messages`
3	**Workout offer** Train enough, get free days.	`Gym → My gym → offer card → Join the offer`
4	**Leaderboard and challenges** Rank in the gym; prize at the desk.	`Gym → Leaderboard`
5	**My membership, pause and renew** NEW Plan end date; ask the desk to pause or renew.	`Gym → My gym → My membership → Pause my plan / Renew my plan`
6	**How busy the gym is** Quiet now? Quietest time later today.	`Gym → My gym → How busy the gym is`
7	**Log a workout** Sets, kg and reps in a few taps. GGMS's app has no workout log.	`Workout → Start empty workout → Add exercise → Add set → Finish workout`
8	**Rest timer and target to beat** Timer starts by itself; the kg to beat on every exercise.	`In a workout: the "Target" line · … on an exercise → Rest timer`
Everything else		
9	**Check in** Scan the desk poster; the desk sees it.	`Gym → My gym → Check in`
10	**Plans from the gym** Trainer's workout plan and diet plan.	`Workout tab: folder "From ‹gym›" · Gym → My gym → Diet plan`
11	**Routines and ready plans** Save a routine, or pick a ready plan.	`Workout → New routine · Workout → Find a plan`
12	**Records** Best lifts, kept by themselves.	`Progress → Records`
13	**Charts and muscles worked** Strength over time; muscles this week.	`Progress → Charts`
14	**Body and progress photos** Weight, waist; before-and-after.	`Progress → Body → Add measures · Progress photos`
15	**Monthly report** The month's workouts and gains.	`Progress → Reports`
16	**Share a workout picture** For WhatsApp or Instagram.	`After Finish → Picture`
17	**Plate calculator** Which plates to put on the bar.	`In a workout: … on an exercise → Plate calculator`
18	**Move from Hevy or Strong** Brings in all old workouts.	`Settings → Your data → Bring in from Hevy or Strong`
19	**Never lose a workout** Google Drive backup.	`Settings → Your data → Backup → Link Google Drive → Back up now`
20	**History and calendar** Every past workout by date.	`Profile → Calendar`

Also live: weekly goal · smartwatch, widgets and Health Connect · kg or lb · feedback from any screen (the round button). Settings: the gear at the top of Profile.
